

## Anthem's members receive COVID-19 treatment at no cost

Dear trusted partner,

We know these are challenging times, and want you to know that Anthem remains deeply committed to supporting you, your clients, your clients' employees and the communities we serve as we join together as a nation to weather this health crisis. This is why we're focused on addressing critical issues that need attention now, including affordability and access.

We're taking unprecedented action to eliminate cost shares for your clients and your clients' employees if they receive treatment for COVID-19 from doctors, hospitals, and other health care professionals from April 1 through May 31, 2020. Their COVID-19 testing is covered, too. They'll also pay nothing if they have a telehealth visit with a doctor in their plan through June 14, 2020.

We'll reach out to ASO clients shortly to share our recommendation to cover these same expenses. We'll provide them with a survey link and request that they respond with their decision by April 17, 2020.

We know your clients and your clients' employees already have enough things to worry about these days. Paying for treatment for this disease shouldn't be one of them. We want them to focus on their health and care for their loved ones.

During this time of stress and uncertainty, we stand by our legacy and commitment to you, your clients and your clients' employees. Our mission remains unchanged: to improving lives and the health of our communities.

Sincerely,

Peter D. Haytaian  
Executive Vice President and President  
Commercial and Specialty Business Division
